

2707 E. 32<sup>nd</sup> St. - Joplin, MO 64804

To Whom It May Concern:

TECI is a quality supplier of turbine engines, turbine engine parts, light airframe and avionics pieces. We currently work with the Honeywell TPE331, Honeywell GTCP36 and 85 series APU's, Hamilton-Sundstrand 500 series APU's, Jetstream 31/32, DHC-8, and EMB120 series aircraft.

We are an accredited distributor having met the ASA-100 Quality System Standards. This is a voluntary accreditation program that meets all requirements set forth in FAA Advisory Circular No: 00-56. If you require further information please feel free to contact any member of our organization.

Best Regards,

Tim Heckart
